

Reptiles

Compare reptiles and humans by filling out the venn diagram. Use the words in the word bank and add some of your own!

Word Bank			
teeth	claws	scales	skeleton
breathe with lungs	ectotherm	endotherm	brumate

Time to Explore!

Go outside and see if you can find some reptiles in your neighborhood. Write a few sentences about what you found, what they were doing and where you found them.

I found a garter snake slithering on the walking path.
